The graduates of the past 45 years reflect The King's Academy's reputation for producing quality students who are successful in colleges, universities, and in the community at large. The King's Academy's high academic and spiritual standards aid in the growth of a student's spiritual, intellectual, social, and physical development.

Accreditation: The King's Academy is fully accredited by three associations: AdvancEd, the Association of Christian Schools International, and the Florida Association of Christian Colleges and Schools.

Mission Statement: The King's Academy exists to assist the home and church in their endeavor to "train up a child in the way he should go" (Proverbs 22:6). Its mission is to graduate Christian leaders who seek to impact their world for the King of kings through academic excellence and spiritual vitality.

Quality Points: Students enrolled in rigorous courses are awarded additional quality points. These additional points are called "weighted" points. One full quality point is added to the Grade Point Average (GPA) of students who take AP and DE classes. Honors courses receive an additional .5 to the GPA.

Ranking: The King's Academy offers a balanced experience for every student. Our goal is to reach every child academically, spiritually, and socially. The King's Academy program is comprehensive and rigorous. Our students have a long history of excellence in their academic pursuits, and we rank for purposes of selection of Valedictorian and Salutatorian. However, we do not feel the exceptional work of our students can best be demonstrated by a single statistical ranking. We do not believe that ranking students provides a valid measure of student achievement, and therefore we do not publish class rank as part of the college admission process.
