Mission Statement

The King’s Academy exists to assist the home and church in their endeavor to “train up a child in the way he should go” (Proverbs 22:6). Its mission is to share salvation through Jesus Christ and to graduate Christian leaders who seek to impact their world for the King of kings through academic excellence and spiritual vitality.

Since 1999, The King’s Academy has cared for children around the world by partnering with Samaritan’s Purse’s shoebox ministry, Operation Christmas Child. Last year, King’s students shared the Good News of our Savior’s birth by donating more than 600 gift boxes to this effort. Pictured: TKA junior kindergartner Taylen Bostic.
Dear TKA Family,

TKA Cares! As we review the 2017-2018 school year, it’s clear that God’s Kingdom is advancing locally and globally through the ministry of The King’s Academy.

Last year, with a fantastic group of King’s faculty and staff, I had the privilege of escorting the Class of 2018 through five countries comprising the British Isles and of joining TKA’s International Studies Program in three cities across China.

One of my favorite memories of the senior trip was an outdoor Sunday morning devotional with our students led by TKA Director of Student Ministries Stephen Kimpel. At the bottom of Arthur’s Seat in Edinburgh, within walking distance of beautiful yet spiritually-dead Scottish cathedrals, God’s Word was alive and proclaimed.

In China, I was told that students often choose King’s because it is a Christian school and Chinese families know that Christian teachers are more caring and nurturing. The love of Christ is alive at TKA, and students know us by our love.

Last year, prior to the current political unrest, TKA students served in Nicaragua by building homes, feeding the hungry, donating school uniforms, and loving children. They were the hands and feet of Christ to the poorest of the poor. They were hope in an otherwise hopeless situation.

Currently, plans are underway for next year’s first-ever senior trip to Iceland—a country where naturalism and new age mysticism now exceed the former influence of Christianity. The largest Christian church in the country has only 200 members, but as we travel to this beautiful land, King’s Class of 2019 will be a witness for Christ.

For almost 50 years, God has called us to be counter-cultural at TKA—to be His light to the lost. And, that is exactly what we are doing and will continue to do. God’s redemptive plan for a hurting world must be on display at The King’s Academy and wherever we go.

Thank-you for loving God, serving one another, caring for others, and helping 60 acres of good soil at the corner of Belvedere and Sansbury to produce a global harvest. As you read this report, please join me in praising our King, the One who makes this excellence possible!

Sincerely,

Randal L. Martin
President

A STRATEGIC UPDATE: CARING FOR THE KING’S ACADEMY

TKA’s newly implemented strategic plan — *The Future is Now* — is less than one year old, but our school has made significant strides in putting the plan into action. Here are some highlights:

**Instilling Faith:** The King’s Academy welcomed Bible teacher and apologetics expert Dan Stuart, improved chapels and witnessed the growth of the student-led ONE80 Bible study. Effective training for our teachers featured the *Three Circles, How to Lead a Child to Christ*, and *Classroom Apologetics*. King’s celebrated many salvations and rededication decisions by students. TKA introduced the opportunity for students to pursue a special diploma distinction in the field of Christian Ministry.

**Influencing Culture:** The King’s Academy hosted influential speakers, such as U.S. Senator Marco Rubio and President of the Palm Beach County Bar Association, Rosalyn Sia Baker-Barnes, Esq.; energizing and inspiring our students with their messages.

**Impacting Learning:** The King’s Academy Explore Program expanded to include more students. Its new innovation lab, developed by a group of sixth graders, promises to benefit the entire elementary school by creating a love for engineering. TKA also experienced improvement in TerraNova and Advanced Placement results. In 2018-2019, students will experience improved transitions from 6th to 7th grades and from TKAP to TKA. A number of our teachers are pursuing advanced degrees, 20 elementary teachers achieved gifted certification, and TKA strengthened its faculty with more outstanding hires.

**Inspiring Innovation:** From hosting its first National History Day to implementing IT and maintenance ticketing systems, The King’s Academy is continually improving. Some technology improvements included additional laptops in the elementary school. Additionally, the opportunity for students to earn a special distinction on their diploma in the field of computer science was added. Coursework includes computer programming, web design, and AP computer principles.

**Initiating Growth:** The Boswell Science & Technology Center, completed in 2018, will attract students to King’s who aspire to cure diseases, solve engineering problems, and provide technological solutions thus allowing needed opportunities to discover God-given passions rooted in STEM pursuits. The Boswell Center has 12,000 sq ft of educational space including the 1,300 sq ft Smith Family Chemistry/Physics Lab, a 1,000 sq ft Rodila Family Life Sciences Lab, two additional 1,000 sq ft Life Sciences Labs, 1,500 sq ft programming/robotics Lab, 800 sq ft engineering lab, two STEM Classrooms, and four offices for TKA’s International Student Program.
CALLED TO CARE
King’s Students Exemplify Their Faith Through Service

Faith calls upon us to serve others, in ways large and small. Hebrews 6:10 says, “God is not unjust; He will not forget your work and the love you have shown Him, as you have helped His people and continue to help them.” Our prayers for a better world were put into action as King’s students used their talents to help others.

A spirit of service must first be embraced before it can be shared. Beginning within, more than 75 King’s students made first-time decisions to follow Christ, and hundreds rededicated their lives to Him during the 2017-18 school year. Our students then proceeded to demonstrate just how much they cared.

The King’s Academy outreaches—including a home-building mission trip to Nicaragua, Operation Christmas Child, Key Club’s food drive, Jump Rope for the Heart, Angel Tree Football Camp, and Urban Youth Impact’s Christmas Store volunteers—raised tens of thousands of dollars and helped hundreds of families over the course of the school year.

Through these programs students were not only able to see how their faith could transform lives, but experienced how they too were changed. Many expressed feelings of gratitude, humility, and empathy, which truly embodies the teachings of our King.

TKA student Genesis Gutierrez ’19 (2 year Hope Project International volunteer):
“When we were in Nicaragua, I got to talk with a lady inside of the house that we built. Because I spoke Spanish, I was able to talk to her on a personal level. She explained her situation and said that we had a special place in her heart. She explained to me that she only got a small amount of food each day, and it would be divided amongst her kids and mother who was very sick. Her husband had left her, and before we built the home she lived under a tarp. It made me think about my family in Cuba who are also in a difficult situation. The experience was heart-wrenching but made me realize that we could help. In a way, I think the project benefited us as much as it did them.”

TKA student Connor Marschall ’20 (2 year Hope Project International volunteer):
“The part that I enjoyed most was the fact that we were there to help families have a home, and they were also involved in the building process. We were there to help them, but they helped us. I think I gained humility through the trip. We are so blessed. We have food, internet, and homes, but all they had was a trash dump to dig through. In Cristo Rey, we built a home for a family that had previously lived in a plastic garbage house. It was really eye-opening. Because of the trip, I find myself being aware that I am often not thankful enough for what I have.”
Hope Project International enabled King’s students to save lives in Cristo Rey (translated “Christ the King”), Nicaragua. For five days, four groups of students built eight 12’ x 12’ homes, complete with concrete-slab foundations, doors and metal rooftops. The structures, which can house up to 45 people, are simple, but keep animals, the elements, and dirt-born bacteria from endangering babies and children—reducing infant mortality rate by 50 percent. Additionally, King’s students donated cribs and beds that kept the children from sleeping on the floor—another simple lifestyle change that would lengthen the lifespan of young children.

Because this was the second year King’s students served in Nicaragua, returning students were able to prepare and guide new students. “It was cool to see students grabbing other students and leading them through the process of serving,” said Stephen Kimpel, TKA Director of Student Ministries, who was among the chaperones.

“During the trip, there was an awakening about meeting needs as a community, an awakening to what God wants to do through us and for us. When you go to places like that and you are open to brokenness, the impact when you return is that you are able to see the brokenness all around us. If you are willing to be exposed to brokenness, God can do really powerful things through you.”
LEARNING TO CARE
King’s Students Excel Academically

The King’s Academy is a place of rigorous learning, where students discover their passions, pursue their curiosities, and glorify Christ by exploring His world. Proverbs 18:15 tells us, “The heart of the discerning acquires knowledge, for the ears of the wise seek it out.”

In 2018, our graduating class placed The King’s Academy among the nation’s academic elite by:

- **Earning a 91 percent Advanced Placement Passing Rate** – Five years ago, an estimated 50 percent of our graduates earned this distinction illustrating impressive academic growth.
- **Being awarded more than $9.1 million in scholarships** – Scholarships ranged from National Merit Commendations and Florida Bright Futures to Pathfinder and academic and athletic awards.
- **Achieving 100 percent college acceptance by all 142 seniors** – The King’s Academy will be proudly represented on campuses across the country.

Looking forward, our next graduating class is also excelling. Among TKA’s class of 2019, six of our 137 students earned more than 1500 on the SAT college entrance exam; 15 King’s students earned more than 1400; and more than 50 percent of the class scored higher than 1300. The 2017 national average for SAT scores is 1060, and the 2017 Florida average is 1017. On the ACT, King’s students also outpaced the national average, earning an average score of 25. The ACT national average score in 2017 was 21; and was 19.8 in Florida.

We are extremely excited about our newest academic enhancement—the Boswell Science & Technology Center that opened its doors for the 2018-2019 school year. Housed within the Boswell Center, our STEM program was recently recognized by Project Lead the Way as a distinguished program that is reserved for only 133 schools nationwide.

Our current achievement compels us to prepare for the future. Because the bar is always being raised, The King’s Academy’s first-ever academic endowment—a $1.25 million endowment gift and $1 million matching incentive for King’s Pre-Law Studies program is key to future success. We thank our generous supporters for investing in the endowment and in a legacy of academic excellence. To learn more about the matching program please contact our Development Office.
GIFT OF EDUCATION

Embedded within The King’s Academy’s mission is providing all children with an opportunity to learn. During our Hope Project International outreach, students delivered needed uniforms to Nicaraguan children, which allowed them to attend school. Generous supporters of The King’s Academy make it possible for foster children from Place of Hope to benefit from a King’s education.

KEY CLUB

TKA’s Key Club members learned leadership skills while helping others. The effectiveness of the Annual Food Drive was improved by 175 Key Club members, collecting 6,790 items, which surpassed the previous year’s collection by more than 2,000 items. Key Club sponsor Heidi Martin credited members with working hard to meet their goals. “Key Club members gave more than 4,500 community service hours during the school year through their various projects,” she said.

COMMUNITY SERVICE

At minimum wage rates, King’s graduating seniors donated more than $250,000 in community service to Palm Beach County residents and organizations providing more than 33,000 hours of time to help those in need.
To meet the needs of a growing student body, The King’s Academy campus has recently expanded. II Corinthians 9:8 reminds us of the source of our growth. “And God is able to bless you abundantly, so that in all things at all times, having all that you need, you will abound in every good work.” Prayers for successful, strategic expansion to allow TKA to impact more students and families with our mission have been answered while plans for future development are coming to fruition.

In 2017-2018, The King’s Academy saw notable campus growth with the dedication of the Page Family Center for Performing Arts, a 23,000-square-foot performing arts center featuring an 800-seat theatre. More than 400 donors contributed to the school’s Dedicated to Excellence Campaign, which provided funding for the $9.5 million facility. Special gratitude goes to lead donors Dave, Tuny, & Charlotte Page, after whom the theatre is named, as well as, significant gifts from the Esther B. O’Keeffe Charitable Foundation (lobby), Chuck and Ellen Hobbs (stage), John and Holly Boswell, and Family Church for their commitment to making the Page Center a reality. And right on time, the Boswell Science & Technology Center opened its doors to welcome our 2018-2019 students. The two-story, eight-classroom STEM building was filled with smiles and laughter during its August 13th ribbon-cutting as students and teachers alike marveled at the potential of it all. Imaginations ran wild with the discoveries that would soon take place there! John and Holly (Loveland ’95) Boswell, Jan Smith, and Mr. Raul and Dr. Jill Rodila have left an indelible mark upon The King’s Academy and its scientific minds with their generous gifts, which made the Boswell Center possible.

Over the past two years, The King’s Academy’s campuses have also been blessed with six additional classrooms, a new preschool opening, TKA Lions’ new Athletic Performance Training Center and film study room, renovated common areas, and new baseball field bleachers. Additionally, our new athletic pavilion is currently under construction.
Campus additions and renovations allow The King’s Academy to extend a larger helping hand to our community. Organizations, non-profits, churches, and neighbors utilize The King’s Academy’s campus throughout the year. During the summer, it is common to see football players practicing on TKA’s sports fields with football coaches. What you may not know is that some of the players that participate are part of Angel Tree Ministries, a program for children of incarcerated parents.

BALL AT THE K
TKA also opens the Loveland Athletic Center on Sunday nights to students throughout our community. During half-time, Family Church staff and King’s faculty and students share the Gospel. Last year, more than 35 people who participated in the open basketball program accepted Christ as their Lord and Savior as a result of this outreach.
Demonstrating care in and out of competition is important at The King’s Academy. Our student-athletes show care as they support one another through teamwork, show respect for their opponents, work hard, and play fairly. They show gratitude to the Lord for their successes and abilities. I Corinthians 9:24-25 tells us, “Do you not know that in a race all the runners run, but only one gets the prize? Run in such a way as to get the prize. Everyone who competes ... goes into strict training. They do it to get a crown that will not last, but we do it to get a crown that will last forever.”

The King’s Academy made significant accomplishments during the 2017-2018 season. Highlights of 682 athletic contests included 16 team championships and a .619 varsity winning percentage. The Lions’ football team boasted a 24-game winning streak earning a second consecutive SFC Conference Championship—with its win over previously unbeaten Key West broadcast nationally as the High School Game of the Week. The Lady Lions competitive cheerleading team earned the title of National Grand Champion at the FCC National Championships beating all teams in all divisions.

The King’s Academy Girls’ volleyball team rose to prominence and became district champions following an undefeated regular season. Madeline Furtado ’18 recorded more than 2,000 career kills and was named the Palm Beach County Sports Commissions’ Female High School Athlete of the Year. Madeline broke new ground with this honor as the first Lions’ student-athlete to ever received this award.

Other accomplishments included:
- Track & Field swept district and regional championships for the first time in school history
- Boys’ Golf, Boys’ Cross Country, and Girls’ Cross-Country teams each claimed district championships
- Boys’ Lacrosse won 16 straight games, finished the year with a 17-2 record and was ranked #15 in Florida by MaxPreps
- Girls’ Softball posted a 17-7 record and finished the year ranked #9 in FHSAA 4A classification
- Boys’ Basketball posted a winning record for the first time in five years and won a district play-off game for the first time in more than a decade
- Calvin Johnson became the 10th member of Lions Boys’ Basketball 1,000-point club

The King’s Academy is grateful for our talented coaches, trainers, assistants and volunteers who work tirelessly to prepare our student athletes. Six Varsity Coaches were recognized as “Coach of the Year” seven different times. Without the caring teamwork inherent in our school’s culture, this level of success would not be possible.
Small gestures matter. Whether moving furniture to help people shop at a Habitat for Humanity’s retail store or laying a wreath on the final resting place of a veteran, The King’s Academy cheerleaders made a big difference through small, yet meaningful actions. Coaches Jenn Allen and Christina Reickel coordinated the volunteer efforts of the Varsity and JV football and basketball cheerleaders.

The cheerleaders volunteered at a Habitat for Humanity retail location. They organized and cleaned the store allowing shoppers to purchase items and helping the store raise support for the nonprofit organization. “It was extremely helpful and humbling for the girls to serve and to learn about the purpose of Habitat for Humanity,” said Coach Reickel.

Coach Jenn Allen continued her tradition of connecting King’s cheerleaders to the sacrifices made by our country’s veterans including her father Paul Dunnell and founder of The King’s Academy M. Nelson Loveland. Each year, Coach Allen involves the cheerleaders in “Wreaths Across America,” a nonprofit organization that ensures wreaths are placed on headstones in 1,400 national cemeteries. Since her father passed in 2011, Coach Allen has coordinated the effort, which takes place in December. “It’s a wonderful way to keep the veterans’ memories alive and an impactful way for our cheerleaders to see where our freedoms originated,” she said.

Varsity Girls’ Volleyball, led by nine committed seniors, tallied a regular season record of 24-0. The Lady Lions eventually won 27 straight games finally being bested by eventual state champion Berkeley Prep in the FHSAA Regional Championship.
Psalm 98:4 implores, “Make a joyful noise unto the Lord, all the earth: make a loud noise, and rejoice, and sing praise.” In response, The King’s Academy offers a comprehensive arts education to its preschool through high school students. Students perform in Broadway-style musicals, His People and His Voice choirs, The King’s regiment, jazz and concert bands, percussion, strings, dance ensembles, visual arts, broadcasting, film, digital arts, and stagecraft. Students can also earn diploma distinctions in theatre, instrumental, vocal, dance, visual, digital arts, as well as in journalism and print media.

When the curtains rise on a performance given by King’s students, the audience knows they are in for a special experience. In 2017-2018, our Conservatory Arts Program was recognized at the local, state, and national levels for professionalism and artistry. We were thrilled when The King’s Academy Theatre Company received National Top 5 honors for a second time from the American High School Theatre Festival—winning the award for its productions of Les Misérables and Funny Girl. Ghost the Musical also won acclaim from the Kravis Center’s Dream Awards in the Best Actor (Clayton Hider ’19) and Best Actress (Olivia Henley ’21) categories. Sophomore Casey Butler won Best Performance by an Actor at the Regional Dream Awards. Casey then represented TKA at the 2018 National High School Musical Theatre Awards (“Jimmy Awards”), presented by the Broadway League Foundation in New York City. Casey was one of only 80 students selected to compete at the national level at the Jimmy Awards, which was broadcast on June 25 from the Minskoff Theatre.

To inspire students The King’s Academy also sponsored a trip to New York City for more than 100 of its Conservatory of the Arts students enrolled in musical theatre, dance, visual art, band, and broadcasting. For five days in February, students from each discipline honored their craft in the presence of professionals and legends. The trip culminated with a sold-out performance of Broadway Classics with current Broadway musical stars at the famed Carnegie Hall.
REMEMBERING THE ELDERLY
The King’s Academy Conservatory students show they care through inventive ways. TKA has a heart for those in need. Imagine being ill or confined to the point of being unable to enjoy the theatre or attend church. TKA students perform at assisted living facilities and retirement villages giving performances to those who would otherwise miss out.

SHARING THE GOOD NEWS
During the holiday season, The King’s Academy staged seven Christmas programs—Preschools, Primary, Elementary, and Christmas at the Kravis—to share the Good News of our Savior’s birth. One hundred percent of tickets sales were donated to support local and global ministries, including Urban Youth Impact and Hope Project International. Urban Youth Impact helps local youth improve their futures through tutoring, job-training and mentoring programs while Hope Project International helps children in need globally by feeding, housing, and educating them.

The Society for the Preservation of the Great American Songbook selected Chris Santiago to be its 2018-19 Young Artist of the Year Award Winner. Chris receives one year of mentorship. He will also record an entire Jazz standards album which will be featured on the Legends 100.3 radio station as well as appear in live concerts as a guest artist with Jill and Rich Switzer.
CARING FOR THE FUTURE
The King’s Academy Introduces Gifts of a Lifetime

The 2019-2020 school year promises to be an exciting time as The King’s Academy celebrates 50 years of providing the best in Christian education. As we look to the future with great anticipation of all that the Lord will provide, it is important that we also look back and recognize the Lord’s provision through His people. It is because of the investment of so many that King’s sits on a beautiful 60-acre campus, provides challenging and engaging academics, award-winning fine arts, championship athletics, and impacts local, national, and international communities in ways we could have never imagined. TKA has truly been blessed. It has been a journey of time, location, growth, and most importantly, a journey of faith.

As The King’s Academy looks to the future, we remain rooted in our mission “to share salvation through Jesus Christ and to graduate Christian leaders who seek to impact their world for the King of kings through academic excellence and spiritual vitality.” We are optimistic about how the Lord will bless our school during its 50th Anniversary. In the coming year, each member of our school family will be encouraged to invest in the future of The King’s Academy with a Gift of a Lifetime in recognition of this special anniversary. These sacrificial, unrestricted gifts will empower TKA to strategically plan for the future, ensuring King’s will continue to provide the best in Christian education for current and future generations. TKA will also provide opportunities for naming various campus locations. We encourage you to consider honoring, memorializing or recognizing someone who has made a difference in your life, your family’s life, or your children’s life through a naming opportunity.

Students have freely given of their time, talent, and resources to be a blessing to others; and a subtle shift is taking place at TKA. Students are asking what they can give rather than what they will receive.

JUMP ROPE FOR HEART
Elementary students demonstrated a positive attitude towards exercise, healthy eating and heart health while raising vital funds to fight heart disease. Students collected $13,909 to support research into the cause, diagnosis, treatment and prevention of cardiovascular disease.

FIRST CARE
Students participated in a spare change collection to support First Care Women’s Clinic and raised $4,129 for the Baby Bottle Boomerang Project that gives women a compassionate voice of hope when facing a crisis pregnancy and encourages them to choose life for their unborn children.

GUATEMALAN ORPHANAGE
Elementary students donated more than 1,700 shoes and 700 uniforms to support the children and staff at two orphanages in Guatemala. These gifts allow students and staff to safely and confidently attend school.

ACCESS LIFE
TKA partnered with the Access Life Expo to provide 500 gift bags to for individuals and families living with disabilities. Thirty students also volunteered at its Expo event that pairs volunteers with individuals with disabilities in recreational activities.

URBAN YOUTH IMPACT CHRISTMAS STORE
More than 40 students volunteered with Urban Youth Impact to provide Christmas toys for inner city families at its Christmas Store. In all, TKA collected more than 500 toys to support the project.
The King’s Academy is constantly growing, building on the success of a 49-year history! From new programs and qualified faculty to buildings and student opportunities, TKA could not flourish as it does without the philanthropic support of generous donors. Your financial support has a direct and immediate impact on all aspects of the school — academics, the arts, athletics, financial assistance, professional development, facilities, and campus life. During the 2017-2018 school year, Parents, Grandparents, Alumni, and Friends of The King’s Academy invested more than $3,130,000 to projects and programs at TKA. Thank you for your generosity!

Student Body

The King's Academy seeks a diverse student body representative of its surrounding communities. It admits students of any race, color, national, and ethnic origin to all the rights, privileges, programs and activities generally accorded to or made available to students at the school. It does not discriminate on the basis of race, color, national, or ethnic origin in administration of its policies, admission policies, scholarship, and loan programs.

GENDER

Male students comprised 50% and 51% of TKA students and female students were 50% and 49% of the student body during the 2017-2018 and 2016-2017 school years, respectively.

ETHNICITY

The school enrolled 57% and 56% Caucasian students during the respective 2017-2018 and 2016-2017 school years. Minority students were 35% and 34% of students in 2017-2018 and 2016-2017 and were represented by Hispanic and Latino students (20% and 21%), African-American (7% and 6%), Asian (5% and 3%), Bi-racial (1% and 2%), and Other (2% and 2%). Approximately 8% and 10% of students declined to provide information regarding their ethnicity in 2017-2018 and 2016-2017.

CHURCH ATTENDANCE

King’s does not require its families or students to attend church or profess faith in Jesus Christ. Happily, many of the school’s students have accepted His free gift of salvation and do attend church regularly. During the 2017-2018 school year, the most frequently attended churches were Christ Fellowship (29%), Family Church (9%), Life.Church (4%), St. Theresa de Lisieux Catholic Church (4%), and St. Rita’s Catholic Church (3%). Thirty-eight percent of students attended more than 80 additional churches with less than 3% of the school’s student body represented.
INTERNATIONAL STUDENTS
In 2017-2018, there were 75 international students from 20 countries and during the 2016-2017 school year there were 59 international students from 12 countries were enrolled at The King’s Academy. Incoming students must meet rigorous English-proficiency standards. TKA provides English as a Second Language (ESL) and specialized Bible support services.

College Counseling
CLASS OF 2018
In 2018, The King’s Academy graduated a senior class of 142 students, its largest in school history. Kelly Ahkee was class valedictorian with a GPA of 4.65, and Cindy Hugel was class salutatorian with a 4.53 GPA. The Class of 2018 had 32% of its students with a 4.0 or higher GPA, and 66% with a GPA that was 3.5 or higher.

SCHOLARSHIPS
The King’s Academy's Class of 2017 earned $9.14 million in scholarship offers, an average of nearly $65,000 per graduate. Florida Bright Futures Scholarships were awarded to 50% of the class. Sixteen seniors committed to play collegiate athletics in baseball, basketball, cheerleading, cross country, football, golf, swimming, track and volleyball.

COLLEGE ACCEPTANCES
The Class of 2018 enrolled 100% of students in college, 98% at a four-year institution. Twenty percent of the class enrolled at highly-selective colleges and universities, and the class received 120 highly selective acceptances out of 455 total acceptances. A total of 14% of the class enrolled in a Christian college or university.

COMMUNITY SERVICE
The class contributed nearly 34,000 hours of community service, an average of 240 hours per senior, during their four years of high school. This contribution was worth more than $250,000 to the citizens of Palm Beach County.

Pathfinder Award Winner
Nathan Clifford ’18
3rd Place
Music/Instrumental Category
Nathan began violin lessons at the age of four with his mother and father as his teachers. As an orchestral musician, Nathan has been in the first violin section of the Florida Youth Orchestra and Concertmaster of The King’s Academy Philharmonia. He has performed at Carnegie Hall and has been a member of the first violin section of the Palm Beach Atlantic Symphony for the past two years. Nathan has also been a member of The King’s Academy Conservatory of the Arts pit orchestra for the nationally-acclaimed musical theater department’s productions of Wicked, Jekyll and Hyde, and A Christmas Carol. Nathan was awarded third prize in the Palm Beach Post Pathfinders competition in the music/instrumental category. Nathan earned a full scholarship to pursue a double major in violin performance and an MBA in finance at Stetson University.
Rosemary Beaumont Library

Our library houses 16,400 paper volumes. These include Ebrary, an online collection of 100,000 ebooks and scholarly journal articles, Arbordale ebooks and eLibrary, providing thousands of volumes and more than 390 magazines, newspapers, and transcripts for elementary students, and 15 subscriptions including The New York Times, Wall Street Journal, Daily Business Review, Chronicle of Higher Education, Palm Beach Post, School Library Journal and World Book.

King’s hosted two author series that included Crystal Bowman (Devotions for Preschoolers) and Mike Thomas (Secrets of the Hidden Scrolls) during the 2017-2018 school year.

Technology

The King’s Academy upgraded technology by:

• Adding wireless access points around campus including upper elementary and the new Boswell Science & Technology Center.
• Outfitting Boswell Center classrooms with Samsung Smart Touch displays.
• Adding a mobile TV studio to allow Studio 70 to broadcast multi-camera live streams from anywhere on campus.
• Implementing touch screen cash registers in the TKA Café.
• Initiating a new security badge system with role-based permissions.

RE-ACCREDITATION

To provide the best Christian education, The King’s Academy seeks accreditation and affiliation with state and national organizations that exemplify excellence. TKA is fully accredited by four separate endorsing agencies, and our recent re-accreditation earned high praise from members of the visiting teams. A comprehensive assessment by outside organizations gives affirmation to our entire school program. Every aspect of the school is thoroughly studied and documented, and then evaluated by the accreditation teams. The accreditation process examines areas, such as operations and finance, admissions, personnel, curriculum and instruction, educational program, student services, facilities, safety, school climate, philosophy of education, and strategic planning. During March 2018, school administrators from across the state commended our school in many areas as an exceptional program. The King’s Academy was recognized as having one of the strongest Christian education programs in the country. The Florida Association of Christian Colleges and Schools (FACCS) applauded The King’s Academy for effective school improvement plans and strategic initiatives. Additionally, TKA was commended for placing great value on the growth of students’ spiritual health in addition to their scholastic endeavors and co-curricular activities.
Academic Testing

The King’s Academy uses the TerraNova3 achievement test to compare elementary and high school students’ (through grade 9) academic acumen to state and national standards. TKA’s annual achievement testing has placed King’s in the top 15% of schools nationally.

Many of King's high school students take Advanced Placement tests in 22 courses authorized by the College Board to carry the AP designation. In 2018, the school had an aggregate passing rate of 91% with 245 exams taken.

Clinic

TKA offers RN-provided medical support and loving care for students and faculty, including:
- Student Injury Report management
- Assessment of minor complaints including fever, colds, sore throats, and stomach aches
- CPR & First Aid training classes for faculty and staff
- Childhood diabetes management
- Scoliosis screenings
- Epi-Pen training for faculty and staff

School Store (The Pride)

The King's Academy school store is open each school day from 8:00 am to 3:45 pm and throughout the summer by appointment for uniform fittings. Conveniently located adjacent to King’s main lobby, The Pride carries TKA uniforms, King’s-branded apparel, gift items, school supplies, and spirit items. The store carries name brands including Under Armour, Nike, Tervis Tumbler and more.

Transportation

The King’s Academy’s 35 bus drivers and fleet of 40 buses provide transportation to approximately 900 students per day. With 29 bus routes, TKA's free transportation covers most of Palm Beach County; from Tequesta to Delray Beach and from Palm Beach to the western communities.

TKA Café

The TKA Cafe provides hot and cold meals for a student body of approximately 1,275 students. Lunches are staggered from 10:30 am to 1:45 pm to accommodate junior kindergarten through high school students. In 2017-2018, more than 150,000 lunches were served by a food service staff of nine. The café continues to increase healthy food options.

Maintenance

The King’s Academy services the 60-acre campus in West Palm Beach with more than five acres (235,000+ square feet) of building space and five TKA preschools. King's maintenance staff is graced by a landscape and grounds maintenance specialist, an air conditioning technician, a finish carpenter, and an electrical and phone technician.
Financial Assistance
Awarded 150 students and disbursed $690,000 in need-based financial assistance, enabling 105 families with financial need to send their children to The King’s Academy.

Parent-Teacher Fellowship
• Enabled parents to serve at TKA. They volunteered countless hours and helped organize many events that brought our school community together.

• Honored and celebrated TKA’s faculty and staff throughout the year with special birthday wishes, a Thanks-for-Giving Breakfast, a Spring Yogurt Bar, and a Teacher Appreciation Week. From flowers and personalized notes to relaxation massages, gift cards, and a special luncheon, members of the PTF assured our faculty and staff they are appreciated.

• Secured businesses for the Junior Career Day and fostered parent-to-parent communication and support through the room mother program.

Marketing
Promoted the school and two Open Houses through morning show sponsorship on Christian radio station WAY-FM and various print vehicles.

Maintained websites including TKA.net, TKAP.net, TKALions.net, TKAFineArts.net, and TKAVault.net.

Boosted social media reach, including a 86% annual increase in YouTube views (now 17,400,000 cumulatively) and added 7,000 YouTube subscribers (now 15,000). Currently, users watch approximately 16,800 King’s videos per day (on channel “TKALionheart”), spending 35,700 minutes per day (25 days) doing so.

Other school-wide social media outlets include:
• Facebook (TheKingsAcademy) with 3,590 likes
• Instagram (@TKAWPB) with 1,810 followers
• Twitter (@TKAWPB) with 900 followers

Additionally, TKA Lions Athletics and TKA’s Conservatory of the Arts maintains robust social media platforms.

Continued presence on local Christian radio station (WAY - FM), as “The Wally Show” Sponsor and lead Business Impact Sponsor.

Admissions
Presenting The King’s Academy to new and prospective students, TKA’s admissions staff welcomed:

• 820 online inquiries
• 2,020 phone inquiries
• 400 family tours
• 110 shadowing students
• 150 families at the school’s two open houses

In the 2018-2019 school year, these efforts culminated with 263 new students at King’s. Seventy-two percent of new student applicants ultimately enrolled in The King’s Academy, and 90% of existing students reenrolled for the 2018-2019 school year.
Preschool

The King’s Academy Preschool (TKAP) offers quality early education and loving care for children ages one through four at convenient locations in Boynton Beach, Greenacres, Loxahatchee/Wellington, Palm Beach Gardens, and Royal Palm Beach. Twice named the “Best in the West” preschool, TKAP is licensed by the Florida Department of Health of Palm Beach County. In 2017-2018, parents enrolled more than 210 students in TKA preschools.

Alumni Relations

The King’s Academy maintains relationships with alumni through social media outlets, such as Facebook and Instagram and through the Grapevine section of The Chronicle. An alumni database of approximately 2,900 TKA graduates is managed and updated. A text campaign to encourage alumni to update their records was implemented. More than 200 alumni attended Homecoming 2017 and the 1992 baseball team and Coach Wayne Sewell were honored in celebration of the 25th anniversary of their state championship. Two class reunions were held in 2017-2018, including the class of 2007’s 10-year reunion and the class of 1992's 25-year reunion. Two editions of The Chronicle were published featuring TKA graduates Bill Smith '03, Dr. Chris Chafin ‘03, and Dr. Preeya (Jeyapaul '98) Desh.

THE SCHOOL
The King’s Academy, a private Christian school with a strong college preparatory program, educates students from JK through 12th grade. Current enrollment is approximately 1,275 and features a dynamic international program which hosts, supports and educates 73 international students from 12 countries. The King’s Academy, situated on a 60 acre campus, is located in the heart of Palm Beach County within suburban West Palm Beach, Florida. The graduates of the past 47 years reflect The King’s Academy’s reputation for producing quality students who are successful in colleges, universities, and in the community at large. The King’s Academy’s high academic and spiritual standards aid in the growth of a student’s spiritual, intellectual, social, and physical development. The Class of 2018 was recognized with two National Merit Scholarship Commended Scholars.

ACCREDITATION
The King’s Academy is fully accredited by three associations: AdvancED - Southern Association of Colleges and Schools, the Association of Christian Schools International, and the Florida Association of Christian Colleges and Schools.

MISSION STATEMENT
The King’s Academy exists to assist the home and church in their endeavor to “train up a child in the way he should go” (Proverbs 22:6). Its mission is to share salvation through Jesus Christ and graduate Christian leaders who seek to impact their world for the King of kings through academic excellence and spiritual vitality.

THE KING’S ACADEMY ACADEMIC PROGRAM
Classes meet five times a week for a total of 37 weeks per school year. The school day consists of seven periods with 244 minutes of class time per class per week. Students are required to take a minimum of 7 classes per day.

QUALITY POINTS AND RANKING

Students enrolled in rigorous courses are awarded additional quality points. These additional points are called "weighted" points. One full quality point is added to the Grade Point Average of students who take AP and DE classes. Honors courses receive an additional 0.5 quality point added to the GPA.

The King’s Academy offers a balanced experience for every student. Our goal is to reach every child academically, spiritually, and socially. The King’s Academy program is comprehensive and rigorous. Our students have a long history of excellence in their academic pursuits, and we rank for purposes of selection of Valedictorian and Salutatorian. However, we do not feel the exceptional work of our students can best be demonstrated by a single statistical ranking. We do not believe that ranking students provides a valid measure of student achievement, and therefore we do not publish class rank as part of the college admission process.

**ACCREDITATION**
The King’s Academy is accredited by the Southern Association of Colleges and Schools, AdvancED, the Association of Christian Schools International, and the Florida Association of Christian Colleges and Schools. The school’s most recent re-accreditation study was completed in 2018 and resulted in an extension of the school’s accreditation through 2023.

The King’s Academy admits students of any race, color, national and ethnic origin to all the rights, privileges, programs and activities generally accorded to or made available to students at the school. It does not discriminate on the basis of race, color, national or ethnic origin in administration of its policies, admission policies, scholarship and loan programs.
As 2017-2018 closes, TKA students “look” forward to being an example of God’s best!

2018-2019 School Verse

“Don’t let anyone look down on you because you are young, but set an example for the believers in speech, in conduct, in love, in faith and in purity.” 1 Timothy 4:12
